

September 2009 - August 2010

Worship Services and Christian Education

The United Church of Christ in Warminster offers two worship services on Sunday mornings along with Christian Education Classes in between:

9:00 am - Teaching & Contemporary Worship Service

This service consists of an informal learning style. The service will open with contemporary music as we sing our praise to God. We have a children's moment and then move right into the scripture lesson and sermon and will close with discussion, addressing any questions you might have. We will end the service in prayer. Also, there will be communion every first Sunday and healing every third Sunday of each month. We will continue to shape this service as it develops. If you are looking for an informal and contemporary service that has more of an in-depth learning component to it, this is the one for you!

10:00 am - Christian Education Classes

Classes will be offered for ages 3 through adult. A nursery will be provided and the choir will be studying and rehearsing God's word through song under the able direction of our dynamic Director of Music.

11:00 am - Traditional Worship Service

We will continue to worship God through the historic creeds of the church, children's moments, inspirational music by our choir, moments of joys and concerns as we share our prayers together, scripture lesson, and a weekly sermon. If you prefer a traditional worship style, like the one you grew-up with, this is the service for you.
